How to book your hotel room?

Only 103 days to go. So the question is where to stay and how to book.
Werner Maier, RTI convenor & RTD IRO 2009-2011

Time is flying and many of you have already registered for the biggest international tablers party. Thanks for that!

And thank you for all the positive feedback for our newsflash. Some of you had experienced problems while registering for hotel beds. So we will give you all the necessary details about the registration process and fill you in with all the details.

First off all we have blocked round about 600 beds for you. As of now, we are proud to say that approximately 40 percent of that amount is already booked. Good for the registered ones. If you plan to join us at the RTI World Meeting don't hesitate and book your rooms as soon as possible.

The general rule of first come – first served is applied and true.

All hotels on our website are in hands reach of the main locations, but we recommend the „**Atlantic Hotel Sail City**“ which is our main RTI hotel, while the afcrian meeting will be held in „**Hotel Haverkamp**“.

As already mentioned, we have blocked rooms especially for the RTI. You can take advantage of these rooms by booking your room via **PHONE, FAX, or E-MAIL.**

Most of the hotels don't use the booking code for their online registration so if you see a message that there are no rooms available when booking via internet, please call / fax the hotel or send them an email and refer to the RTI. As of now all hotels have rooms available but they don't

offer them for public reservation via internet

Once again, we recommend to take care of your accomodation as early as possible because the amount of hotel beds is limited. Please visit our homepage for further information.

Children?

WE HAVE A SPECIAL PROGRAMM ON FRIDAY AND SATURDAY FOR YOUR CHILDREN AVAILABLE.
